

ST PAUL'S CATHOLIC PRIMARY SCHOOL

Educational Visit Booklet and
Information Guide
2017-2018

Dear Parents,

Please find below the proposed trips for the academic school year. The trips will remain similar over the next few years to allow you to plan ahead.

The teachers will provide more explicit information on the trips specific to your child's year group. Please be aware that costings are correct at the time of this booklet being written.

They may change. This booklet aims to give you an overview so you are aware of the opportunities that are on offer to your child as they go through St. Paul's.

Yours faithfully

Rebecca Neilson

Educational visits

Educational visits typically taken in the Reception Year

| Name of trip | Links to the curriculum | Purpose | Estimate of cost |
|------------------------------------------------------------------------------------------------------|--------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| Chertsey Museum  | Understanding the world; people, communities and technology. | A half day visit, the Reception children visit Chertsey Museum to explore old and new toys. Through a range of interactive activities the children can make comparisons between then and now and suggest reasons for differences. | £12 |

| Name of trip | Links to the curriculum | Purpose | Estimate of cost |
|----------------------------------------------------------------------------------------------------------------|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| Alice Holt Woodland Park  | Understanding the world. | This visit is used to support the work in school on the topic of mini-beasts. The visit gives the children the opportunity to search for mini-beasts and classify them. On a woodland walk, they use their senses to think carefully about their surroundings and where the mini-beasts might be living. | £19 |

| Name of trip | Links to the curriculum | Purpose | Estimate of cost |
|-------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| West Wittering Beach  | Understanding the world. Physical development; moving and handling. Personal, social and emotional development; self-confidence and self-awareness. | Used to support the topic of 'Journeys' that the children will have been studying over the summer term. The trip to the beach is the realisation of the journey they have been planning for some weeks. Whilst at the beach the children will engage in drawing, sports, a scavenger hunt, sandcastle- making and paddling in the sea. | £18 |
